*We were founded in 1971 to fight the demolition of the historic heart of the area and the dispersal of its community - a battle won against great odds. The Association continues to work hard to make Covent Garden the best place that it can be for those living, working and visiting here. We seek to represent as many of the 7,000 residents of Covent Garden as possible while taking into account the needs of local businesses and constraints of the West End. The wider our membership, the more effective our work.*

*Please also consider doing some voluntary work with us - a great way to meet your neighbours and strengthen your ties with the area.*
